| Article Title | Authors | Pages |
|--|---|----------------|
| Evaluative study between calculated and measured DVHs for advance techniques of radiotherapy for Prostate Cancer Patients | Ibrahim Ahmed Elhamamsi, Khaled M. Elshahat, A. M. EL-Shershaby, T.M. Hegazy | 1-18 |
| Investigation of Radionuclides in Shisha Tobacco and Hazards Impact on the Egyptian Smokers | Fatma Elzahraa Mohmmmed ragab, Hanan A.S. Aly | 19-35 |
| Characterization of structural, electrical conductivity and dielectric properties of 1',3'-dihydro-1',3',3'-trimethyl-6-nitrospiro[2H-1benzopyran-2,2'[2H] indole] compound | Eman emad elgarhy, M.M. El-Nahass, H.A. Zayed, H. A. M. Ali | 36-57 |
| Preparation and Characterization of Vanadium Pentoxide Using Spray Pyrolysis Technique | Mai Adel Mohamed, Samiha T. Bishay, M. Boshta | 58-70 |
| An investigation of the mechanical properties of ternary blend cement pasts containing a large amount of cement kiln dust | Soher abdel salam hashish, Doaa A. Ahmed, Sheren M. Ragei | 71-90 |
| Modified Chitosan Hydrogels and Nano Hydrogels for Congo Red Removal from Aqueous System | Shimaa Khaled, Abir S. Nasr, Howida T. Zaky, Nadia G. Kandile | 91-117 |
| Effect of Pb+2 ion on physico chemical properties of fly ash -slag geopolymer pastes | S. Helall, Doaa A. Ahmed, Sheren M. Ragei | 118-138 |
| Effect of sulphate, chloride and elevated temperature on the properties of Egyptian slag binder | Basma sobhy ibrahime, Essam kishar, Mohamed Heikal, S. Awad | 139-163 |
| Structural Characterization, thermal studies, fluorescence and optical properties of metal carbonyl derivatives of N2O2 Schiff Base | Aml adel amer, Doaa A. Nassar, Omyma A. M. Ali | 164-186 |
| New modified chitosan composites and nanocomposites for different applications | Taghreed Hassan Abdalla, Abir S. Nasr, Ghada Bassiuni, David R. Harding, Nadia G. Kandile | 187-209 |
| Effect of Alkali Concentration on Physico -Chemical and Mechanical Properties of Slag Based Geopolymer Cement | Fatma abd el salam selim, Doaa. A. Ahmed, Essam .A. Kishar | 210-232 |
| Synthesis of some new 4-(2,4-dimethyl-phenyl)-2H-phthalazinone derivatives | Ahmed Thabet Ali Abdulghaffar, Mamdouh Ahmed Taha, Ibrahim Essam El-Shamy, Asmaa kamal mourad | 233-242 |
| Construction of a New Method for Easy Fitting Block Pattern uitable for Egyptian Women and Comparing it to the Borgo Method | Haneen Mahmoud Mohamed, Khaled M. A. Abdo, Heba Z. Abou Hashish | 243-278 |
